PROFILE

I am an aspiring Frontend Developer who enjoys combining technology, creativity, and problem-solving. I am naturally curious and motivated by learning new tools, technologies, and ways of working. My background in theatre has strengthened my ability to collaborate, communicate, and adapt, which I consider valuable qualities in my role as a developer.

EDUCATION

FUTUREGAMES 2025 - PRESENT

Frontend Developer

- Frontend Programming, JavaScript Frameworks, Version Control, Web Application Development, Web Servers and Databases, Graduation Project and Internship (LIA).

STOCKHOLM UNIVERSITY 2022 - 2025
